BISTRO

Skip what you know, drink local.

We try to use as many fresh local ingredients in our cocktail list as possible, in Summer we shine by utilizing fresh herbs and aromatics from local farmers. We also support many other local businesses within the Bow Valley such as Banff Tea Company, Wildlife Distillery Canmore, & Park Distillery Banff

Our wine list is 100% Canadian not only for positive economic growth but because it's a mighty fine drop eh.... From BC to Ontario, Canada is producing some great grape juice.

Canadians like their beer and we like Canadian beer. From BC to Alberta to Ontario, craft beer is the way to go.

You won't find any plastic straws here. We removed plastic straws back in May 2017 for obvious environmental reason. We still carry the biodegradable straws for those who insist, but ask yourself is it a necessity? And tell your server or bartender if you would like one as we serve all our drinks *without* straws.

“One cannot think well, love well, sleep well, if one has not dined well.”
